

EquiTool Development

Drafting and Consultation

- December 2007, IT Meeting - Bali: 1st draft consultation
- March 2008: Second draft
- April-May 2008: Written consultation
- June 2008: Expert working group, Italy
- July 2008: Third draft
- July-August 2008: Written consultation
- August 2008: Fourth Draft
- September 2008: Steering Committee review and Final draft.

Results of Consultations

- Less Background - More "Tool"
- Less jargon - More plain English
- Less redundancy - More efficiency
- Less technical comparison - More objectives clarification
- Less rigid - More flexible (framework)
- Less "formal agreement" - More assessment
- Less idealistic - More realistic

EquiTool

Helps us to transition from
"No, we can't!"
to
"Yes, we can!"
